

# STEEL TANK FABRICATION

CUSTOM | VALUE ADDED | QUICK DELIVERY

Fabrication of custom carbon and stainless steel tanks for industrial and commercial uses.

We specialize in providing quick-turn delivery of ASME and non-code vessels. Our value-added solutions include paint, complex piping, modular skids and optional subcomponent, electrical and instrumentation.

Our engineers are equipped with CAD software to exchange ideas and unique specifications for your product realities.

Vessel sizes up to 8' in diameter and 24' in length.

Rexarc is the name you can trust for on-time shipments, that's our guarantee.
