

STEEL VESSEL FABRICATION AND WELDING CAPABILITIES

CUSTOM | VALUE ADDED | QUICK DELIVERY

Process Equipment

- Coded and Non-Coded Pressure Vessels
- Skidded Pump Package Units
- Skidded Process Units
- Storage Tanks
- Mix Tanks
- Purifier Tanks
- Scrubbers
- Purification Units
- Gas Compression
- Air Receivers

Services and Certifications

- ASME Code Certificates "U", "U2"
- National Board Stamp "R"
- ASME Calculation Software
- SOLIDWORKS
- AutoCAD
- Process and Instrumentation Drawings (PID)
- Detailed Bill of Materials (BOM)
- Electronic Controls Integration

ARE YOU IN?

- Air Handling
- Chemical and Industrial
- Energy, Oil, & Gas
- Process Heating
- Pulp & Paper
- Research and Development

Rexarc

GENERATIONS OF STEEL TANK EXCELLENCE

Welding/Fabrication

- CNC Plasma Cutting
- Plate Rolling
- Welding
- Submerged Metal Arc Welding (SAW)
- Shielded Metal Arc Welding (SMAW)
- Gas Metal Arc Welding (GNAW/MIG)
- Flux Cored Arc Welding (FCAW)
- Gas Tungsten Arc Gas Welding (GTAW/TIG)
- Production Cutting
- Mechanical Assembly
- Hydrostatic Testing - (Up to 7500 psi)

Outside Diameter

- 6 in. to 8 ft. dia

Facility

- 60,000 ft² production space
- Dock Level and Drive-in shipping acces
- 4 Ton Overhead Bridge Crane

Additional Services

- Red Oxide Primer
- Polyurethane Enamel Paint
- Mechanical Assembly
- Inventory & Lead Time Management
