WHY PERSONALIZE ?

***Align Your Plant Operators
Manual to Your On-Site
Equipment Set***

Review the attachment which highlights a few of the initial pages. Compare this with what you've got in use and **contact Rexarc.**

Annual Manual Upgrade: For a nominal annual fee, Rexarc will update the manual when equipment is upgraded or purchased, review the instructions with designated plant personnel on an annual basis, and provide a new electronic copy of the manual for use.

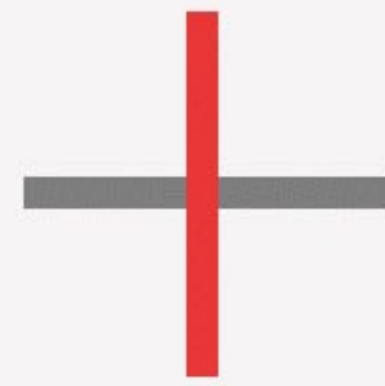

3 MAIN BENEFITS OF THE CUSTOMIZED PLANT OPERATOR'S MANUAL

Improve Efficiency	Increase Safety	Regulatory Compliance
Plant technicians need not: <ul style="list-style-type: none">• Try to find answers in other areas of the manual• Interrupt other co-workers• Shut down the plant to make a technical service call to Rexarc for help. • Can save up to 50% Training time per new hire	Rexarc has found that when this format is incorporated, operators are able to make better decisions which reduces the likelihood of the most common cause of incidents, human error.	If an incident occurs, one of the first areas of regulatory inspection is operating instructions and training records. Keep your plant operations efficient and safe with the Rexarc Custom Documentation Service.

TAKE THE GUESS WORK OUT OF YOUR OPERATIONS

A plant consisting of upgraded or updated equipment needs a manual that can cover all the plant operating information in one place.
