

CUSTOM PREVENTIVE MAINTENANCE PLANS

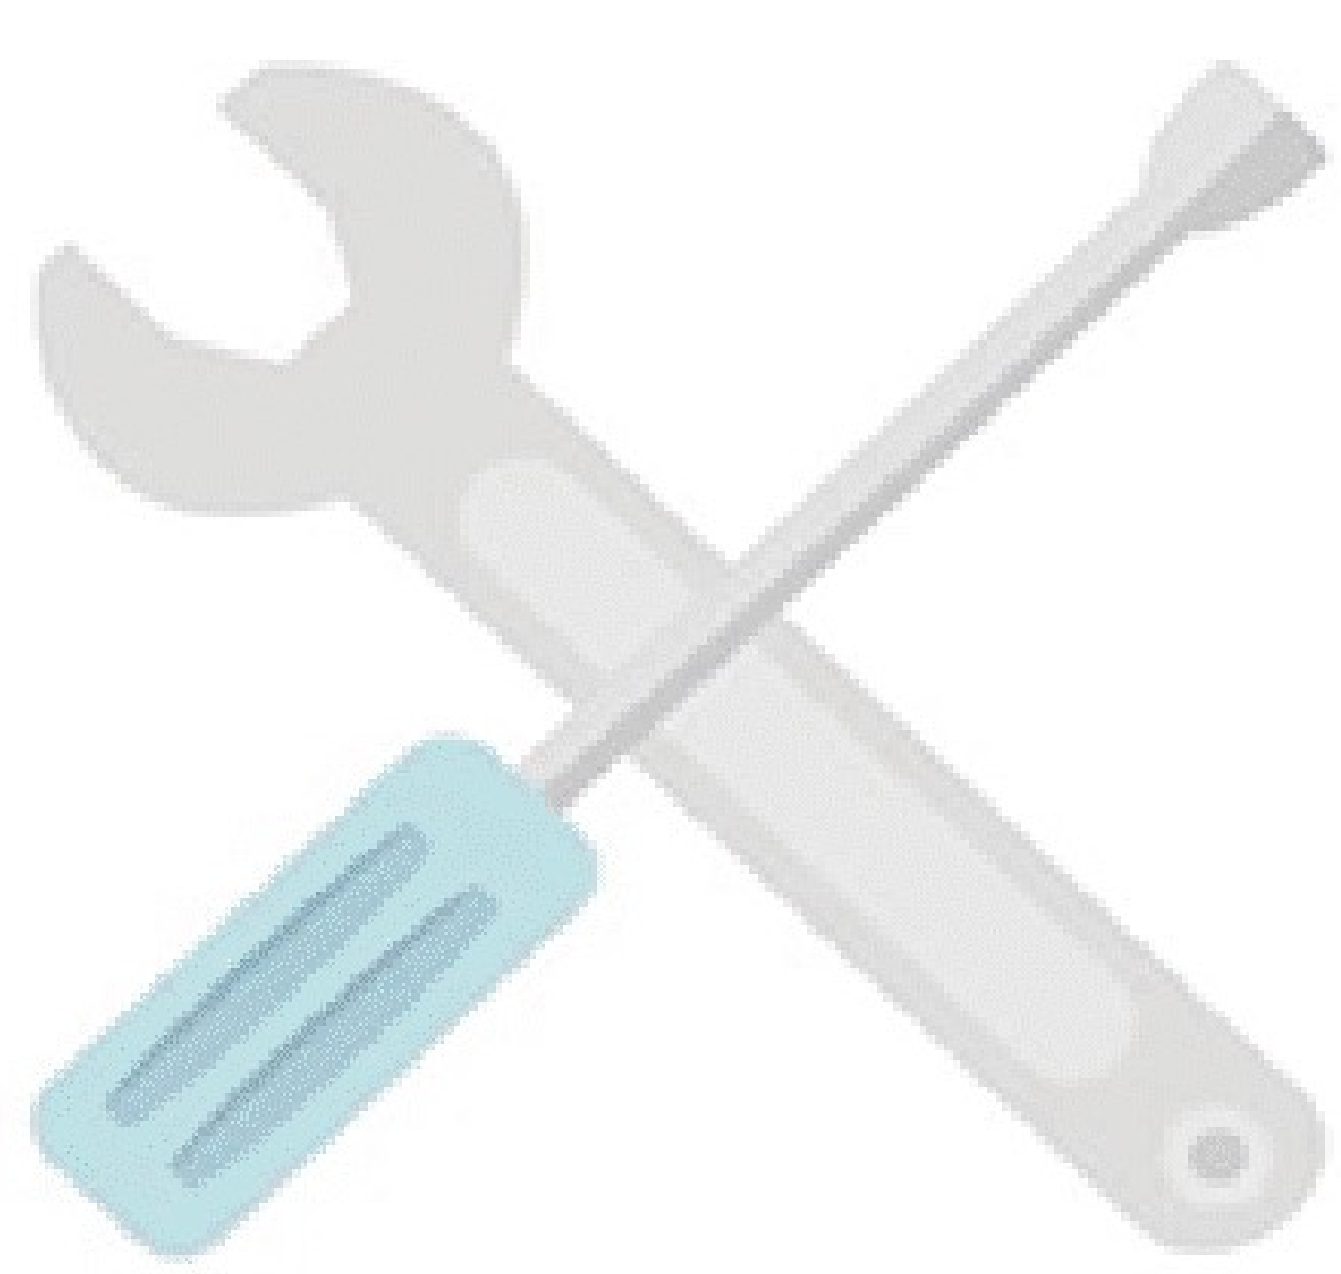

Improve Delivery with a Customized PM and Upgrade Plan

[Know More](#)

Want to improve the delivery of acetylene plant spare parts from Rexarc?

So do we!

THE CHALLENGE

- 1** The challenge is that designs have changed significantly in the 25+ years since you likely installed your plant
- 2** Your parts may no longer be available due to design changes
- 3** May not be stocked due to the low

Don't find this out the hard way – during a critical down period.

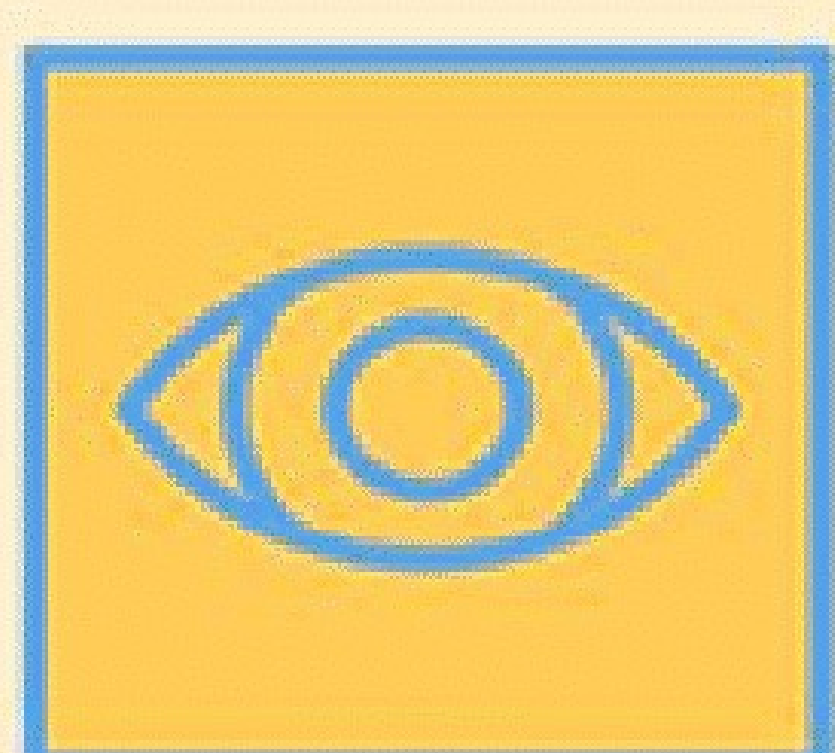

THE SOLUTION

Address this challenge by creating predictability into the support of your order equipment designs.

This is achieved by creating a customized preventive maintenance and equipment upgrade plan with Rexarc.

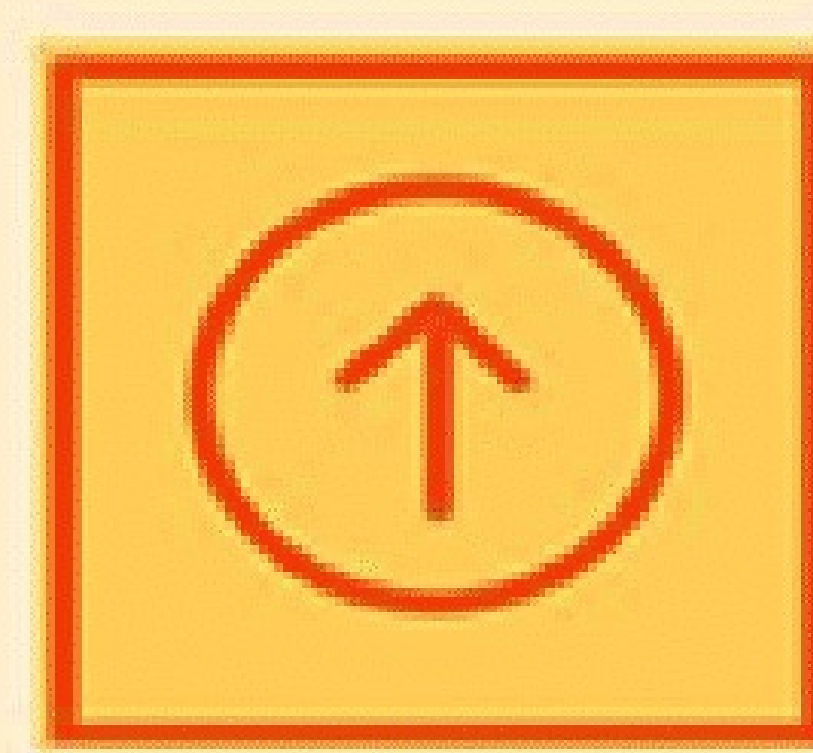

[EMAIL US](#)

Free comprehensive 1/2 day on-site review of your equipment set (\$675 value)*

Creation of a planned Preventive Maintenance Cycle

Creation of a Planned Upgrade Cycle

With this plan, you receive spare parts on time according to your customized plan & your plant gets upgraded over a multi-year improvement cycle.

Rexarc – Saving you time and money through innovation
